the hidden gardens

## Vision

A society where people live, work, play, learn and celebrate together in peace.

## Mission

The Hidden Gardens work to promote community integration and intercultural dialogue, and to build trust and understanding between people of all cultures, faiths and backgrounds through horticulture, nature, creativity, and collaboration.

The Hidden Gardens operates in three main ways:

- As a physical space
- Through the development and implementation of programmes of activity
- As a neutral community facilitator, supporting local integration and cohesion initiatives, festivals and events

## Strategic Aims

- To develop and operate The Hidden Gardens as an inspirational and accessible greenspace which promotes peace, sanctuary and inter-cultural dialogue on a local, national and international level.

- Raise the profile of The Hidden Gardens, its ethos and the work that it carries out, at a local, national and international level.

- Support the needs and aspirations of local communities through the development and delivery of appropriate partnerships and services.
